

ALUMINUM PRODUCTS

Our mission is to leverage our unmatched supply chain, processing, engineering, design, and manufacturing capabilities to deliver market-leading solutions to our customers.

Founded in 1855, Samuel, Son & Co. is a family-owned and operated, integrated network of metal manufacturing, processing and distribution divisions. With over 4800 employees and 100+ facilities, Samuel provides seamless access to metals, industrial products and related value-added services.

Samuel is one of the largest processors and distributors of aluminum products in North America. We are recognized by our global supply partners as a market leader that can provide the most competitive, highest quality supply solution for your requirements. As a strategic supplier, we are always looking for ways to help our customers get the best quality product in the shortest time possible. We stock extensive inventories of metals that are competitively priced and can be delivered promptly. As a privately-held company, we have the financial scale and flexibility to fulfill whatever size order you require. We are also able to offer customized stock and release or JIT delivery programs. In addition, Samuel regularly invests in new equipment to ensure customers can benefit from precision processing and quality finishing.

KEY INDUSTRIES

- Appliances & Electronics
- Automotive
- Building & Construction
